FOR IMMEDIATE RELEASE

Extended on/off-ramp closures on westbound I-210 starting Oct. 30

Crews will repave roads across ramps

LA CAÑADA FLINTRIDGE – The California Department of Transportation (Caltrans) plans to close the **westbound** I-210 (Foothill Freeway) Berkshire Place **on-ramp** and Foothill Boulevard **off-ramp** for up to 45 days beginning Oct. 30.

During the closure, which will remain in effect through November, crews will repave roads across the ramps.

Drivers traveling westbound may use the Berkshire Place off-ramp, which is scheduled to reopen **Friday, Oct. 27**. Detour signs and messages about the scheduled closure will also be posted.

Motorists may experience delays, and are advised to plan ahead. Motorists are also reminded to be “*Work Zone Alert*” and “*Slow for the Cone Zone*.”

ABOUT THE I-210 PAVEMENT REHABILITATION PROJECT

The extended ramp closures are part of a \$148.5 million pavement rehabilitation project for a 9.7 mile section of I-210 from the La Crescenta-Montrose area of Glendale to Pasadena.

The new surface will provide a smoother drive for motorists and reduce the need for maintenance and further lane closures.

In addition to repaving roads, crews are replacing concrete median barriers and guardrails, upgrading electrical and lighting to tunnels, re-striping lanes and reconstructing curb ramps to meet Americans with Disability Act (ADA) requirements.

The project started in Spring 2015, and is scheduled to be complete in Summer 2018.

More details about the project can be found on the Caltrans’ District 7 website:
